Eric:

Attached are most of the air complaints from LDEQ. Have a couple more from another state print out:

4/29 3819 Oxford Slidell  
4/29 5857 Marshal Fosh NO  
4/29 Chalmette, Arabi  
5/7 3046 N. Calm Slidell  
5/8 Tracy St. Violet

Please forward this to the EPA folks doing air sampling.

I received a copy of the phone records for odor complaints received to-date for the oil spill and have summarized them on this spreadsheet. None have been entered into TEMPO so far. Betty is planning on having each one of these be assigned its own incident number and then linking to the main BP incident number. All will use the BP AI.

Thanks,
